Hebrews 12:1 talks about running the race with patience. The Scripture just infers that you will not run it backwards!

WHY BAD THINGS HAPPEN TO GOOD PEOPLE

One morning at prayer meeting one of the women said that many people were walking on the right road...backwards. I cannot remember in particular now what we were praying, but I have never forgotten the phrase or what the Lord showed me about it.

Walking on the right road backwards is walking with hindsight only. Christians living in hindsight have to recover from many disasters. You have heard the saying, "Why do bad things happen to good people?" The "hind-sighted" know well what has already happened but cannot see the day in which they are currently living. They have neither the knowledge of what lies ahead nor are they forewarned of how to prepare. They might be training their children in the Christian faith and even trying their level best to live it as good examples, however, their sight is always behind them...hindsight. What good would hindsight have been to the people living in Noah's day? What good was hindsight to Lot's wife?

There is a little voice of the spirit within advising us continually. Our soul [mind and reasoning] will either accept or reject what the Spirit is saying. As I have written before the spirit of man is the part of our triune being that:

1. Can see what has no appearance
2. Understands what is not obvious
3. Distinguishes between things having no substance

Have you ever seen something fall before it actually toppled? I have had many experiences in which before I got up to do something I envisioned myself falling. I would pause and remind myself to be careful. Another time I had gotten ready to peel potatoes and before I even had the knife in my hands, I could see myself cut my finger deeply. I paused and made sure to use caution. I know this sounds silly, but before I

learned the voice of the spirit, which sounded like it was just me, I ignored it. I would fall or cut myself and thought it strange that I had just thought it before it happened. Hindsight is full of cuts and bruises. Sometimes your spirit might be telling you to take a different route than the one usually taken. Whatever the road, it serves us well to keep forward so that we can see the pitfall in order to avoid destruction.

Animals listen to the little voice called instinct that tells them when to leave the shore and head to higher ground just before the tsunami hits, but then we remember that there were more animals than people on the ark! If you recall, Noah did not have to herd the animals either. Animals do not seem to doubt that little voice that man so easily dismisses.

Being a good person does not mean that you are a hearing person. **"Oh, that was just me,"** is a good trigger to pause and remember that our spirit of forewarning sounds just like our own voice or thought, and it usually comes right out of the blue for seemingly no reason. Our spirit is in tune with the Holy Spirit as a child of God. Our soul, however, is in tune with its five senses which cannot see without an appearance and does not understand except for the obvious nor does it relate to things of no substance. When our soul dictates over what is and is not reality by disregarding the spiritual senses, bad things happen to good people.

If we can spend more time with the Lord listening instead of talking, His Spirit will show us mysteries that our soul could not have known beforehand. We will have much more clarity of the road ahead of us. If you want to get ahead you must first **see** ahead.

Try walking forward and see what you have been missing or keep walking backward, and the road will end in many mishaps even though you may have been on the right road all along wondering, "Why God?"

BLOW THE TRUMPET IN ZION

Rev 8:6 And the seven angels which had the seven trumpets prepared themselves to sound.

I have read this Scripture many times, but never did I consider whether these trumpets were actually trumpet sounds audible to the human ear. I did assume that trumpet in this context was the voice of a prophet's warning. Now, however, with the reports all around the world of the strange trumpet-like sounds in the atmosphere carried for miles, I believe it is both. I have heard these mysterious sounds in the atmosphere played on the news and read news reports of what is being called by many, "The Sound of the Apocalypse". People have been shaken by the strength of the sound and the vibrations that they can feel from it, yet it does not register on seismographic instrumentation. From the different recordings I have heard, I believe most of the sounds resemble a shofar in one long, deep tone.

The reports started coming in 2011, which is when the bird, animal and fish die-offs began. It is interesting that this atmospheric sound phenomenon has not been recorded except one other time in recorded history in 70 AD when the Jewish temple was destroyed for the second time. Josephus writes of the priests going to the temple by night and hearing a similar deafening sound from heaven with great shaking vibrations and accompanied voices saying, "Let us remove hence." Those who did flee escaped Vespasian's attack as Jesus' words in Luke 21:20-21 warned them.

Scientists and physicists have analysed records of these sounds and found that most of their spectrum lies within the infrasound range, which simply put means not audible to humans. What people hear is only a small fraction of the actual power of these sounds. They are low-frequency audio releases in the range between 20 and 100 Hz modified by ultra-low infrasonic waves from 0.1 to 15 Hz. In geophysics, they are called acoustic-gravity waves; they are formed in the upper atmosphere. "There can be quite a lot of causes why those waves are generated: earthquakes, volcanic eruptions, hurricanes, storms, tsunamis, etc. However, the scale of the observed humming sound in terms of both the area covered and its power far exceeds those that can be generated by the above-mentioned phenomena."

WORMWOOD/CHERNOBYL

The third trumpet in Rev 8:10-11 *And the third angel sounded, and there fell a great star from heaven, burning as it were a lamp, and it fell upon the third part of the rivers, and upon the fountains of waters; And the name of the star is called Wormwood: and the third part of the waters became wormwood; and many men died of the waters, because they were made bitter.*

Many people have tried to guess if this is talking about a great comet hitting the earth. However, we have known what wormwood is from the world's worst ever nuclear meltdown which occurred in 1986 at Chernobyl in Ukraine, at that time one of the states of the Soviet Union. Incredibly, Chernobyl is the Russian word for worm-

wood! This is no coincidence. I believe that this is a harbinger spelled out in Rev 8:10-11. Also look at the warning of wormwood and what brings it about in Deut 29:18. During a nuclear war do you realize how it would effect the earth in earthquakes etc., which would invariably effect a meltdown of more than one nuclear power plant just as what happened in Japan's earthquake? Japan's Fukushima incident has led to trace amounts of radiation, including iodine-131 and caesium-134/137 observed around the world, with large amounts in New York, Alaska, Hawaii, Montreal, Australia and radioactive isotopes released in the Pacific Ocean.

In Chernobyl over 125,000 died in

In their opinion, the source of such powerful and immense manifestation of acoustic-gravity waves must be very large-scale energy processes. "These processes include powerful solar flares and huge energy flows generated by them, rushing towards Earth's surface and destabilizing the magnetosphere, ionosphere and upper atmosphere. Thus, the effects of powerful solar flares: the impact of shock waves in the solar wind, streams of corpuscles and bursts of electromagnetic radiation are the main causes of generation of acoustic-gravitation waves following increased solar activity."

Given the surge in solar activity as manifested itself in the higher number and energy of solar flares since mid-2011, they have assumed that there is "a high probability of impact of the substantial increase in solar activity on the generation of the unusual humming coming from the sky. It should be pointed out that solar activity began to rise sharply since early 2011, with its amplitude significantly higher than all forecasts given by a number of influential scientific institutions in 2010 and 2011."

There is one more possible cause of these sounds that may lie at the Earth's core. "Intensification of the energy processes in the Earth's core can modulate the geomagnetic field which, through a chain of physical processes at the ionosphere - atmosphere boundary level, generates acoustic-gravity waves the audible range of which has been heard by people in the form of a frightening low-frequency sound in different parts of our planet.

These signals are indicative of the expected significant increase in solar activity and the geodynamic activity of our planet. There is no doubt that processes in the core rule the internal energy of our planet, therefore, we should expect by the end of 2012 a sharp rise in strong earthquakes, volcanic eruptions, tsunamis and extreme weather events with peak levels in 2013 - 2014."

In other words, scientists and physicists believe these sounds are a prerequisite for destruction. I do not believe that they acquired their information from the Bible, however, God's Word said it first in Rev 8-9 in the seven trumpets marking disasters on the way.

[Continued p. 3]

the Ukraine with over two million affected by the radiation. One million cases of cancer were predicted worldwide 70 years to follow with over 200 million having exposure to the radiation because of Chernobyl. It poisoned the farm lands, vegetation, animals and waters as well as people. Today it is still a dead zone of death.

The prophecy of the third trumpet emphasizes that the star called Wormwood made the waters bitter. "As the nuclear cloud produced by Chernobyl drifted over the Soviet Union and over Europe, and Extraordinary amount of rain fell. The rain brought the radiation from the nuclear cloud onto the soil, the animals, the crops, the trees, and

into the rivers. The greater the rainfall, the greater was the amount of radioactivity. These heavy rains greatly increased the magnitude of this horrible disaster. Much of Europe was affected." When the prophecy said that many men died because of the waters, it explicitly described the effect of Chernobyl. So we do not need to guess what the third trumpet is all about, we have history revealing it, which will also repeat it.

How many harbingers does it take to create an alarm loud enough to wake America up? Give up? Each time we have been given a harbinger we hit the snooze for just another 15 minutes of sleep. Each time we hit the snooze we lose precious time.

BLOW THE TRUMPET IN ZION continued

The trumpets are sounding and our earth and nature responding. The Apostle John did not read the Science Daily Report to know that the sounds were trumpets of warning. In the Bible We find them sounding the alarm of war. We know that war in the heavens, as well as war in the Middle East, are both on the horizon. As a matter of fact, I can see the trumpets as a domino effect from nuclear war occurring as one catastrophic event.

I Trumpet: Nuclear missile strike...fire falling on the earth burning up 1/3 of the trees, grass...vegetation

II Trumpet: nuclear mushroom "as if a great mountain of

fire" falling into the sea killing 1/3 of the living creatures in the sea as well as war ships with human life

III Trumpet: Drinkable water [river water] would be poisoned and people would die [see article: Wormwood/Chernobyl]

IV Trumpet: The smoke from the blast as well as the ash falling would block the sun's light as well as the moon and stars, plus all the other predictions of solar flares at the same time

V Trumpet: the torture of radiation poisoning...people do die eventually but it's a slow horrible death [Zech 14:12] Man wishing for death to hurry but death does not come quickly. Then the micro air

vehicles shaped and sized like locusts would be a counter attack with the help of the U.S.A. ingenuity to go behind enemy lines with a biochemical response

VI Trumpet: 1/3 of mankind dead

VII Trumpet: End of an age...Jesus' return

Other calamities like the earthquakes and tsunamis described in the Bible would come from such a nuclear blast. Can you imagine the effects of the war in the heavens as well as the nuclear attacks on earth coinciding? Talk about a time such as never has been or will be again! Men's hearts would truly faint

from it all.

My friend, we are on the cusp of it all, and the atmosphere is resounding with the sound of the trumpet calling us together and giving their warnings of things coming just ahead.

This year [2012] the forest fires in America alone should be a harbinger along with the sound of the trumpet that fire is on its way.

We are given every chance just as the people of Noah's day. Are we any more prepared than they? NOW is the hour of salvation, which, as I have said before, is not a one-time altar event but a daily alter.

KNOW YOUR PARTY

Many of the candidates skirt around the issue of abortion by saying that they are personally not for abortion for themselves, with the exception of Obama who has stated clearly his support of abortion by even making mandates to Christian Churches for their provision by legislative force. I have copied the platform of each party's view on life or choice:

REPUBLICAN PARTY: "Faithful to the first guarantee of the Declaration of Independence, we assert the inherent dignity and sanctity of all human life and affirm that the unborn child has a fundamental individual right to life which cannot be infringed. We support a human life amendment to the Constitution, and we endorse legislation to make clear that the Fourteenth Amendment's protections apply to unborn children. We oppose using public revenues to promote or perform abortion and will not fund organizations which advocate it. We support the appointment of judges who respect traditional family values and the sanctity and dignity of innocent human life."

DEMOCRAT PARTY: "The Democratic Party strongly and un-

equivocally supports Roe v. Wade and a woman's right to choose a safe and legal abortion, regardless of ability to pay, and we oppose any and all efforts to weaken or undermine that right. The Democratic Party also strongly supports access to affordable family planning services and comprehensive age-appropriate sex education which empower people to make informed choices and live healthy lives. We also recognize that such health care and education help reduce the number of unintended pregnancies and thereby also reduce the need for abortions. The Democratic Party also strongly supports a woman's decision to have a child by ensuring access to and availability of programs for pre and post natal health care, parenting skills, income support, and caring adoption programs."

BIBLICAL DOCTRINE: Ps 139:14-16 "I will praise thee; for I am fearfully and wonderfully made: marvellous are thy works; and that my soul knoweth right well. My substance was not hid from thee, when I was made in secret, and curiously wrought in the lowest parts of the earth. Thine eyes did see my substance, yet being imperfect; and in thy book all

my members were written, which in continuance were fashioned, when as yet there was none of them."

The Republican Party believes in the right of the unborn; The Democrat Party believes in the right of the woman; but the Word of God states that it is the right of God, and that each baby, before it is fashioned in the womb, is written for destiny and purpose.

A **2004** study by the Guttmacher Institute reported that women listed the following amongst their reasons for choosing to have an abortion:

- 74% Having a baby would dramatically change my life
- 73% Can't afford a baby now
- 48% Don't want to be a single mother or having relationship problems
- 38% Have completed my childbearing
- 32% Not ready for a child/another child
- 25% Don't want people to know I had sex or got pregnant
- 22% Don't feel mature enough to raise a child/another child
- 14% Husband or partner

wants me to have an abortion

- 13% Possible problems affecting the health of the fetus
- 12% Concerns about my health
- 6% Parents want me to have an abortion
- 1% Was a victim of rape
- less than 0.5% Became pregnant as a result of incest

In this nation we have not merely taken the right of the child away, but the right of God away. Only an infidel could do such a thing because to them there is no God, therefore, there is no right extended for what does not exist. I believe we are at the crossroad between life and death and once again we are faced with which way to turn. I will make it easier for you as I repeat what was said by the Lord in Deut 30:19...choose life, that both thou and thy seed may live.

In the end, there is no such thing as a conscientious objector, and we hold judgment in our hands, which in turn will be measured back to us again. That should be a sobering thought.

REGARDING THE PROPHETS

Acts 2:17-20 And it shall come to pass in the last days, saith God, I will pour out of my Spirit upon all flesh: and your **sons** and your **daughters** shall prophesy, and your **young men** shall see visions, and your **old men** shall dream dreams: And on **my servants** and on **my handmaidens** I will pour out in those days of my Spirit; **and they shall prophesy**: And I will shew wonders in heaven above, and signs in the earth beneath; blood, and fire, and vapour of smoke: The sun shall be turned into darkness, and the moon into blood, before that great and notable day of the Lord come:

In the days of old God would raise "a voice", but in the last of days God will pour out His Spirit...not on "A" voice...not on a few voices but upon all flesh. Sons, daughters, young and old men, God's servants and handmaidens shall prophecy! Many, many voices will hear what the Spirit is saying and proclaim the news. So why do clergy not seem to recognize this Scripture? Most do not even accept "A voice" let alone more.

Today we have a plethora of voices, and they are all saying much the same thing: **Prepare!** In my own household, I have been given a vision of warning, my husband was given a dream and my daughters have heard the Spirit whether by dream, vision or insight. My parents and siblings and friends have been warned by the Spirit in different ways. And what about the "ALL FLESH" included in that Scripture? Have you heard of the people thinking the world will either end or greatly change in 2012? The entire world is watching or has heard and been curious.

Of course, many sources of reports have not been based upon the prophetic Word of God but other venues such as the Hopi myths, the I-Ching, Aztec writings, Egyptian hieroglyphs, Roman Oracles, writing of Seneca Elders, the chief Shaman of the Cherokee Tribe in NC,

and even the writings of Nostradamus, the Russian mathematician Sergey Smelyakov of Khartov University taking the constant Phi (1.6180339), the so called Golden Mean or the Fibonacci sequence, and applying it to solar activity and planetary orbits, found that everything seemed to spiral in on itself on December 21, 2012 implying a time implosion or point of divergence.

I am not one for dates; therefore, I am not watching 2012 as a finale to anything, however, I do watch the signs of the times and the news events of our day matching them to prophecies marking end times. So, I would neither be surprised if 2012 did mark solar changes that affected our earth dramatically, nor if it passed like every year passes into the next. Even if the latter is true, it will not pass as usual because of late nothing is usual. So, I **cannot** tell you for certain that the earth will be consumed by fire in 2012 or that there will be a polar shift or severe earthquakes, but I can say with absolute certainty that one day in the not too distant future it **will** be consumed by fire and experience a polar shift and severe earthquakes. I can say that because the Word of God testified long before the Mayans, Aztecs, Hopi, Seneca, I-Ching or Nostradamus.

What I can tell you is that because of its sin the earth was destroyed by water in the Great Flood of Noah's day, but the Bible says that the world will be destroyed again...this time by fire.

The present heavens and earth, by His word, are being reserved for fire, kept for the Day of Judgment and the destruction of ungodly men (2 Peter 3:7).

But the day of the Lord will come like a thief in which the heavens will pass away with a roar and the elements will be destroyed with intense heat and the earth and its works will be burned up (2Peter 3:10).

The sun scorched men with fire (Revelation 16:8).

A third of the earth was burned up and a third of the trees were burned up and all the green grass was burned up. A great mountain (nuclear?) burning with fire was thrown into the sea and a third of the sea became blood and a third of the creatures which were in the sea and had life died and a third of the ships were destroyed. And a great star (nuclear power plants, wormwood?) fell from heaven burning like a torch and it fell on a third of the rivers and springs of water (Revelation 8:7-11).

The inhabitants of the earth are burned and few men are left (Isaiah 24:6).

The hills melt and the earth is burned up (Nahum 1:5).

Once again, many have associated December 21, 2012 with a shift in the poles as well as signs in the sky. The Bible does not give a date but does describe the events:

The stars will fall from the sky (Matthew 24:29).

The earth is broken asunder. The earth is split through. The earth is shaken violently. The earth reels to and fro like a drunkard and it totters like a shack (Isaiah 24:19-20).

There will be great earthquakes. The sun became black like sackcloth; the moon became like blood. The stars of the sky fell to the earth... The sky split apart like a scroll when it is rolled up. Every mountain and island moved out of their place (Revelation 6:12-14).

There will be great earthquakes and in various places plagues and famines and there will be terrors and great signs from heaven. There will be signs in the sun and the moon and stars and upon the earth great dismay among nations in perplexity at the roaring of the sea and the waves. Men fainting from fear as the powers of

heaven will be shaken (Luke 21:9, 25-26).

Here we see the Bible tell us about signs in the heavens. But what do we do when we see these things happening?

When you see these things happening, recognize that the kingdom of God is near. Truly I say to you that this generation will not pass away until all things take place. But when these things begin to take place straighten up and lift up your heads because your redemption is drawing near (Luke 21:31,32, 28).

God assures us that:

Heaven and earth will pass away but My words shall not pass away (Matthew 24:35).

That is what I can tell you because I am only repeating Words from Scripture. Scripture has been and always will be fulfilled whether man believes it or not. Just as I believe that these events will undoubtedly take place, I also believe in God's grace for His people who trust Him and keep His Word. This is a time to heed the voice of sons, daughters, young and old men, God's servants and handmaidens who tell us to prepare.

In Joseph's day the Pharaoh had a dream and only Daniel could interpret through the Spirit of God. Today we are hearing the multitude of voices as many waters all telling of the need to prepare. Remember also the three in the fiery furnace. They did not burn because they were already on fire for the LORD! Get fired up in the LORD and the power of His might.

I can verify, as one of many of the voices who heed what the Spirit is saying, that soon the door will shut, and it will be too late to prepare for those who are on the outside of that door still trying to decide what to do.

HINDSIGHT

1. Lot had a wife whose vision was never quite ahead
But always backward of herself she mostly viewed instead
This made it so impossible for her to ever see
So she became the pillar of her community

2. Sarah might have changed some things as the time went by
She'd have never sent Hager with Abraham to lie
What she started could not stop, though she had wished it to
Ishmael became a problem the older that he grew

3. David started out so grand then fell into mistakes
I bet that he had wished that he could have a few more takes
But once it's done it's over and never to repeat
We cannot hit the button to make it all delete

4. What of Peter, faithful man, who fearfully denied
The very life of One he loved and in His face he lied
How could he ever come to grips with all that he had done?
Fear had made him turn his back on God's only Dear Son

5. Oh the dread of looking back on errors made by me
I wish that they were not my own...for someone to see
The plague of thoughts remembering is never very kind
Wouldn't it be nicer still if we could but rewind?

6. But to know the voice of God to follow and obey
To keep us well protected while standing in the fray
Or have missed the voice of God and fallen in the fight
The right road but backwards seeing just hindsight

ACCESSING THE MYSTERIES

Mark 4:22-25 *For there is nothing hid, which shall not be manifested; neither was any thing kept secret, but that it should come abroad. If any man have ears to hear, let him hear. And he said unto them, Take heed what ye hear: with what measure ye mete, it shall be measured to you: and unto you that hear shall more be given. For he that hath, to him shall be given: and he that hath not, from him shall be taken even that which he hath.*

At a Ladies Conference one year we played games with spiritual lessons. One of the best was blindfolding one lady representing your average Christian. At the other end of a large room, set about with obstacles in between, was the voice of one representing the Holy Spirit. In between were a multitude of distracting voices yelling negatives, lies and misdirections to cause stumbling into the obstacles. The one playing the voice of the Holy Spirit was a still small voice which took a lot of

concentration to focus on the right voice as the others were loud and confusing. The object was to get to the other side in one piece without tripping into the obstacles. It was a great example of the daily life of a Christian. The only difference was that each lady was told that there was one voice to listen and focus, while in daily life the rules are not rehearsed first. Of course, the rules are in the Scripture, but we somehow do not always get the picture. In the game, as in life, it is but one voice to follow through the mass of reasoning voices that congest our brains. Many disregard the voice of the Spirit due to the confusion, lack of recognizing the voice of the Spirit or thinking it is all just in your imagination and not really the voice of the Spirit. The Voice of the Spirit will never take you where God's provision and protection are out of reach, and It will never lead you astray from the Word...EVER.

The more you focus on the Voice of God's Spirit the stronger It

becomes and the quicker you are to recognize It, therefore, the more you will pick up the mysteries of God. Those revelations are not for just a small few but conditional to one's hearing as the Scripture indicates: Take heed what ye hear: with what measure ye mete, it shall be measured to you: and unto you that hear shall more be given. If you do not have an ear to hear anything other than your own reasoning, you will eventually become deaf to the Spirit. For what we do not use, we lose, which is amplified in the rest of that Scripture.

Recently at intercession we heard heavenly music. God had given a word that He would do something He had not done for us before. At first hearing, the music was so vague that one might dismiss it, simply because we did not understand that it was from God. It left but then returned longer the second time coming in waves from vague to stronger. Most all heard but were unsure what it was or its source. Two were not even sure

of hearing it at all. It was not a cell phone nor did it resemble one. It did not come from outside or from any direction inside which we could discern. The next day I could not seem to let it go and talked to God about its revelation. The LORD brought back to memory that the Thursday just before the incident, we had discussed how intercession had a fragrance and music at God's throne. Then two days after hearing the music one of the ladies from intercession visited a friend for whom we had been praying. This woman had heard heavenly music while near death. Each time she heard the music her pain left her. God opened up the music of intercession to each of us, but it took a while to sink in and connect the dots.

Many Christians still have dots to connect in the "still small voice" of the LORD, but once you tune your ear to the sound reception you begin to pick up the signal much clearer.
