PREPARE TO REPAIR

As an intercessor for over 30 years I have received many requests with well over half being health issues. It is not simply colds or flu that takes precedence but the effects of doctor prescribed medicines as well as procedures. This should not be surprising to you since we are inundated with medicine commercials selling their ware for several seconds while taking even more time to warn the consumer of the possible side-effects that could lead to liver or kidney failure and death.

It is hard to be a Christian if you are more prepared to be a patient. I said: **It is hard to be a Christian if you are more prepared to be a patient.** Say it with me: It is hard to be a Christian if we are more prepared to be a patient.

No, I am not against physicians. I know that there are many of them who not only practice medicine but are practicing Christians. Since Doctors practice in their field; shouldn't Christians?

By and large the best reliable physician is Jesus. We say we know this as Christians, but we do not prepare ourselves to live it as Believers.

There is also another physician, Luke. Paul wrote of his friend Luke: **Col 4:14 Luke, the beloved physician, and**

Demas, greet you and again in 2 Tim 4:11 Only Luke is with me. Take Mark, and bring him with thee: for he is profitable to me for the ministry also in Philem 23-24 There salute thee Epaphras, my fellowprisoner in Christ Jesus; Marcus, Aristarchus, Demas, Lucas, my fellowlabourers.

What more there is to know about Luke, we see in his own written words. Miracles were wrought at the hands of this physician as an apostle traveling with Paul. It says nothing about Luke passing out medication or potions but laying hands on the sick and infirmed. You do not have to take my word for it. Take it from the beloved physician himself: **Luke 8:43 And a woman having an issue of blood twelve years, which had spent all her living upon physicians, neither could be healed of any...** Luke, as a physician, knew the limitations of man treating man. It goes on to say that she was made worse rather than better.

Christians have made better patients than Believers. Luke, the physician, became a better Believer because he knew a better physician than man. That being said, I am not telling people not to go to the doctor, but I am saying go to the Word first and foremost. Learn to stand and not com-

promise the Word. Make a better believer in God's Word than a better patient. Prepare to be a better Believer. Notice the operative word **prepare**:

1. make something ready: to take the necessary action to put something into a state where it is fit for use or action, or for a particular purpose
2. make somebody ready: to put somebody or yourself into a suitable physical or mental state to do or experience or accept something

Synonyms: get ready, arrange plan, practice

How many times do you take communion? No, I did not ask how many times your church offers communion. I ask you personally how many times you take communion? Jesus simply said, **Take, eat: this is my body, which is broken for you: this do in remembrance of me. This cup is the new testament in my blood: this do ye, as oft as ye drink it, in remembrance of me.** We can do this at any time we need forgiveness or healing, but how many Christians rush to the doctor taking no thought to remembrance?

What are we to remember? Remember that Jesus paid for our forgiveness and for our healing. It goes on to say in **1 Cor 11:29-30 For he that eateth and drinketh unwor-**

thily, eateth and drinketh damnation to himself, not discerning the Lord's body. For this cause many are weak and sickly among you, and many sleep.

You should not take communion without heart preparation first. **Prepare** to be forgiven and **prepare** to be healed. Get ready for it, plan it, set your mind and will to be healed by the Word of God for it is God's Will...Make it your will.

What would you do if, one fine day, you had to take a mark in order to be treated by a physician? HELLO?

FEMA CAMPS? [A must read!]

FEMA, as you know, stands for Federal Emergency Management Agency initially created by Presidential Reorganization Plan No. 3 of 1978 and implemented by two executive orders on April 1, 1979. In time of disaster that overwhelms state authorities FEMA steps in to aid.

Apparently the Navy has been aware of impending disaster in which much of our coast line, both east and west, will be compromised with a rising ocean and earthquake activity. They also **predict** that the ocean will travel up through the Mississippi River Valley compromising land through the path of those states. They predict Florida will be submerged as well as all lower lying land.

Above is the Naval map as predicted. We have absolutely no proof of this, howbeit the Navy has studied this for years now. Is the government preparing for this?

I have been hearing a lot about FEMA Camps. Here are some of the things reported: *There over 800 prison camps in the United States, all fully operational and ready to receive prisoners. They are all staffed and even surrounded by full-time guards, but they are mostly empty. These camps are to be operated by FEMA (Federal Emergency Management Agency) should Martial Law need to be implemented in the United States and all it would take is a presidential signature on a proclamation and the attorney general's signature on a warrant to which a list of names is attached. The [Rex 84 Program](#) was established on the reasoning that if a "mass exodus" of illegal aliens crossed the Mexican/US border, they would be quickly rounded up and detained in detention centers by FEMA. [Rex 84](#) allowed many military bases to be closed down and to be turned into prisons.*

Executive Orders associated with FEMA that would suspend the Constitution and the Bill of Rights. These Executive Orders have been on record for nearly 30 years and could be enacted by the stroke of a Presidential pen:...

[EXECUTIVE ORDER 10990](#) allows the government to take over all modes of transportation and control of highways and seaports.

[EXECUTIVE ORDER 10995](#) allows the government to seize and control the communication media.

[EXECUTIVE ORDER 10997](#) allows the government to take over all electrical power, gas, petroleum, fuels and minerals.

[EXECUTIVE ORDER 10998](#) allows the government to seize all means of transportation, including personal cars, trucks or vehicles of any kind and total control over all highways, seaports, and waterways.

[EXECUTIVE ORDER 10999](#) allows the government to take over all food resources and farms.

[EXECUTIVE ORDER 11000](#) allows the government to mobilize civilians into work brigades under government supervision.

[EXECUTIVE ORDER 11001](#) allows the government to take over all health, education and welfare functions.

HIDDEN IN PLAIN SIGHT

I recently read the back of a tube of name-brand toothpaste to find something hidden in plain sight. It read: ***"If more than used for brushing is accidentally swallowed, get medical help or call Poison Control Center right away."*** What the...how the...are you kidding me?! One of the most susceptible areas of the body to carry a chemical or medicine into your bloodstream quickly is under your tongue, yet there it is in plain sight. Who reads the back of a tube of toothpaste to check for poison? Our assumption is that the ADA would never put their seal of approval on a potentially harmful chemical to the human body. Dental hygiene products that your family uses everyday may contain toxins that are associated with cancer, blindness,

and even death. Many name-brand toothpastes and mouthwashes are loaded with potentially harmful ingredients like sodium fluoride, triclosan, food dyes, sodium lauryl sulfate, and hydrated silica. All these ingredients have been found to be dangerous to humans in the long run. "In the long run" means over a period of time with continual use. The ingredients are listed right on the label in plain sight. How many patients have been told by their family physician that they were dying from toothpaste, body wash or deodorant poisoning? No one! More people are subjected to multiple hospital tests only to find out that the reason for their illness is undiscovered...hidden. It is hidden all right but in plain sight. Mankind trusting in man...ridiculous, but

is all too true. We use these poisons trustingly without even questioning or reading to find out the hidden truth. What an irony to God whose Word is hidden in plain sight. All of God's provision hidden within the pages never read or when read not taken seriously or followed. We trust a tube of toothpaste more than the Word of God which we often hold in question. We do not give the Word of God credit "in the long run", but expect a quick manifestation or we quit on the Word for that situation. Quitting for one situation makes the next time easier to quit on God's Word as well remembering the last failure. If we were really in the hands of an angry God as people may assume, then He might quit on us saying something cruel like: "OH, GO BRUSH YOUR TEETH!"

FAITH AND FEAR

Two very strong beliefs: faith and fear. Both of these two elements believe something unseen will happen. Strong faith produces as well as intense fear.

What I see most in the body of Christ is that we mingle the two by wavering in between faith and fear. We often pray the right things but fear the worst **could** happen. This wavering between two beliefs produces nothing because they cancel each other out. **James 1:6-8 But let him ask in faith, nothing wavering. For he that wavereth is like a wave of the sea driven with the wind and tossed. For let not that man think that he shall receive any thing of the Lord. A double minded man is unstable in all his ways.**

ROTTEN TO THE CORE

Once upon a time there was a land of the free and home of the brave where life, liberty and the pursuit of happiness were rights protected in its foundation. But one day when no one was watching the foundation began to crumble. A new foundation was taking shape, however, it was not prepared to sustain the burden of freedom or the right of privacy, for freedom and privacy were unsustainable. This was a cancer to anything resting upon it.

Yes, we have become this land. You have to hand it to liberal progressives, when they said change...they meant it. This nation does not resemble what it did even 10 years ago.

Here is another new name to learn especially if you have children or grandchildren: **Common Core Curriculum.**

Children may kiss their privacy good-bye and say, Howdy," to an unparalleled nationwide student tracking system, whose data will deceptively be sold by government officials to the highest bidders. The centralized education bureaucrats have found just another way to infringe parental rights through control under the banner of "Common Core" or another name is "Seascope".

Common Core's technological project is "merely one part of a much broader plan by the federal government to track individuals from birth through their participation in the workforce." Michelle Malkin reports that

Notice that wavering will get you nothing from the LORD in that Scripture. It does not, however, say the enemy will produce nothing in the waver. It is worth keeping that in mind.

Sometimes we have the help of ministers who retranslate the Bible through their experience and opinion. We have all come short of God's Glory, but we should not intertwine our failures to the Word of God.

If you have been around children watching them color from paint sets, you see one big mess! Often they do not clean out the brush thoroughly before they go to the next color and, before you know it, all the colors look the same...brown sludge. We

do this when we mix fear with faith making brown sludge. We need to clean our brushes and stick to the true colors of the Word of God. Get our opinion out of the water by changing it when it gets dirty from failures and wash our paint smocks into robes of righteousness.

Hebrews 11 says that **by faith** Abel, Enoch, Noah, Abraham, Isaac, Jacob, Joseph, Moses and Rahab believed God over the circumstances and it was counted to them for righteousness, yet each of these died before the promise of the Savior that we have today.

If you are a "Believer", then being clear on **what** you believe is crucial.

"the 2009 porkulus package included a State Fiscal Stabilization Fund to bribe states into constructing 'longitudinal data systems to collect data on public-school students."

These systems will combine massive amounts of personal data not necessary to education.

Regardless of federal student-privacy protections guaranteed by the Family Educational Rights and Privacy Act, the Obama administration is paving the way for private entities to buy their way into the data. Even more alarming, the U.S. Department of Education is encouraging a radical push of invasive individual student-level data collection.

The National Education Data Model lists hundreds of data points considered indispensable to the nationalized student tracking racket. These include:

- "Bus Stop Arrival Time" and "Bus Stop Description."
- "Dwelling arrangement."
- "Diseases, Illnesses and Other Health Conditions."
- "Religious Affiliation."
- "Telephone Number Type" and "Telephone Status."

Michelle Malkin continues to ask: "How exactly does gathering personal data improve educational outcomes? It does not. This is the central fraud of Washington's top-down nationalized curricular scheme. In other words, it should be labeled rotten to the core. The Bill Gates-endorsed Common Core 'standards' are

a phony pretext for big-government expansion. The dazzling allure of '21st-century technology' masks the privacy-undermining agenda of nosy bureaucratic drones allergic to transparency, accountability and parental autonomy. Individual student privacy is sacrificed at the collective 'For the Children' altar.

Fed Ed is not about excellence or academic achievement. It's about control, control and more control."

I believe people roll their eyes if you express the similarities of what Hitler did with the youth through control to today's Common Core with all its aliases, but that is why history is able to repeat itself over and over again!

What can Christian parents do? **Prov 22:6 Train up a child in the way he should go: and when he is old, he will not depart from it.** If Christian parents do not train their children in the most holy faith the schools will train them away from it.

The alternative lies within this quote: **When an opponent declares, "I will not come over to your side," I calmly say, "Your child belongs to us already... What are you? You will pass on. Your descendants, however, now stand in the new camp. In a short time they will know nothing else but this new community."**

- Adolph Hitler

ADMONITION TO BECOME BELIEVERS

The word "Believer" is translated *pisteuo* which means to *have faith* (in, upon, or with respect to, a person or thing), that is, *credit*; by implication to *entrust* (especially one's spiritual well-being to Christ): - believe (-r), commit (to trust), put in trust with. Therefore the reference of believer by Scriptural definition would be someone who put their complete trust in the Word of God especially in Jesus the Christ. I Tim 4:12-16 is the admonition to the Believer. I put the exact Scripture in outline form without changing one word.

1 Tim 4:12-16 Let no man despise thy youth; but be thou an example of the believers,

- *in word,*
- *in conversation,*
- *in charity,*
- *in spirit,*
- *in faith,*
- *in purity.*

Till I come, give attendance

- *to reading,*
- *to exhortation,*
- *to doctrine.*

Neglect not the gift that is in thee, which was given thee by prophecy, with the laying on of the hands of the presbytery.

- *Meditate upon these things;*
- *give thyself wholly to them; that thy profiting may appear to all.*
- *Take heed unto thyself,*
- *and unto the doctrine;*
- *continue in them:*

for in doing this thou shalt both save thyself, and them that hear thee.

We know that we are saved by Jesus blood sacrifice and being born into that Kingdom. That makes us spiritually saved but not necessarily physically saved. I Tim 4:16 declares that doing all of the above verses 12-15 that you will save "thyself". Your "self" refers to the physical part of you. Being physically safe in end times is contingent upon living the life of a "Believer".

The church in most cases is spiritually saved but physically unprepared to be victorious. You see, that while there are many, many Christians there are very few Believers. Many Christians are physically and mentally defeated for the

lack of being Believers. For a Believer the Word of God is the beginning and the end all to the situation or question. Our conversation reflects the Word. In other words, we do not make up our own doctrine by repetitive sayings such as "God uses doctors". God can use anyone who is willing to obey including doctors, but doctors are not part of the five-fold ministry just because they are in the medical profession as the repeated saying implies. Doctors do not validate the Word of God. God validates His Word because He is not a man that He should lie. Christians get validation from professionals, but Believers are validated by: IT IS WRITTEN.

The Word offers more than sentences with good moral wisdom but the way a Believer lives. Both Christians and Believers fail at times, but Christians are sorry at first and justify their actions secondarily, while Believers repent. My desire as a Christian is to walk as a Believer in the power, strength and the in supernatural realm of God's Word.

Many Christians treat the Word like it is a really good idea but mostly unattainable. God neither gave promises He could not keep nor exhort attributes we could not achieve. The Word became flesh in order for flesh to become Word. It is an awesome metamorphosis. God's Word tells us how to attain blessing and what reaps curses.

Believers and Christians do not live the same consequences over the same situations by the act of choices made. That being said Many Christians believe that when you suffer from the attacks of the enemy you must be doing something right. Attacks can only come through vulnerable openings. Our mouths, like Job's, unbolt the door to our hedge and put out the welcome mat. Many other Christians forfeit a stand in faith believing they are being tested by God or because man came up with the doctrine that sometimes God says no. The "Why?" many Christians ask is directed at God believing in His underlying reasons when a more fruitful question would be, "How was my hedge compromised?"

Fortunately for Christians and Believers alike is the undying love and mercy of an omnipresent God, for the enemy is neither omnipotent nor ubiquitous. God bestows His grace, which looks beyond our futile attempts and reasoning intellects.

I have had calls from people who say that they have prayed and prayed but cannot get victory. An attack from our spiritual enemy can never break through a hedge that God has placed around each of us. A hedge intact makes us inaccessible. It is through ignorance or bad choices and attitude, no matter how small they may seem, that our hedges crumble leaving us vulnerable to attack. That being said, I am not referring to tribulation through persecution, for God Word says in ***John 16:33b In the world ye shall have tribulation: but be of good cheer; I have overcome the world.***

Believers have given up control knowing that only God has perfect justice. Many Christians say often that God is in control as they hold tightly to the reigns. The very definition of control is to restrain, limit or restrict. Since only God holds unprejudiced control, Christians who have control issues restrain, limit and restrict God and wonder why their prayers are restrained, limited and restricted.

Test yourself as I am with I Tim 4:12-16. Study it and where the Scripture admonishes to ***Take heed unto thyself***, pay attention to your condition, your reactions, your thoughts, how you spend your time and your spirit. Your body is the thermometer to the soul. If you soul is sick or wounded then your body will display the symptoms. Soul wounds, though invisible, can be seen in the physical body.

Eph 1:18-19

The eyes of your understanding being enlightened; that ye may know what is the hope of his calling, and what the riches of the glory of his inheritance in the saints, And what is the exceeding greatness of his power to usward who believe, according to the working of his mighty power...

OH ME, OH MY!!!!

Raise your hand if you think Jesus' return is sooooooooon. I will assume your hand went up. Now raise your hand if you wish I would not write all this scary information. You should have both hands down because that only indicates that Jesus' return is SOON!!!! As scary as it may seem at times, it is all predictable for the season in which we are living. Without recognizing the signs of the times, there is no peace on the horizon. This is a good Scripture for our season: **Rom 8:16-19 The Spirit itself beareth witness with our spirit, that we are the children of God: And if children, then heirs; heirs of God, and**

over a fifteen year period.

[EXECUTIVE ORDER 11921](#) allows the Federal Emergency Preparedness Agency to develop plans to establish control over the mechanisms of production and distribution, of energy sources, wages, salaries, credit and the flow of money in U.S. financial institution in any undefined national emergency. It also provides that when a state of emergency is declared by the President, Congress cannot review the action for six months. The Federal Emergency Management Agency has broad powers in every aspect of the nation. General Frank Salzedo, chief of FEMA's Civil Security Division stated in a 1983 conference that he saw FEMA's role as a "new frontier in the protection of individual and governmental leaders from assassination, and of civil and military installations from sabotage and/or attack, as well as prevention of **dissident groups from gaining access to U.S. opinion**, or a global audience in times of crisis."

Maybe it would do us well to see the difference between **terrorist** and **dissident**:

Dissident: *disagreeing especially with an established religious or political system, organization, or belief*

Synonyms: *rebel, nonconformist, protester, revolutionist*

Terrorist: *somebody using violence for political purposes: somebody who uses violence, especially bombing, kidnapping, and assassination, to intimidate others, often for political purposes*

Synonyms: *guerrilla, bomber, kidnapper,*

joint-heirs with Christ; if so be that we suffer with him, that we may be also glorified together. For I reckon that the sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us. For the earnest expectation of the creature waiteth for the manifestation of the sons of God.

The scary part of the times in which we live is only **if** in these times our son-ship is not manifest for lackadaisical attitudes or our love for the world.

I hear people wanting Jesus' return yet in

assassin, saboteur, extremist

The Tea Party was labeled as a group of dissenters! Practicing Christians, who are considered radical if they follow the Word of God, are not only a nuisance to the government, but the word dissenter is now being attached to the label of "Christian" unless you are a "status quo" Christian liberal, which is an oxymoron!

Did you also notice in the wording of Executive Order 11921...**prevention of dissident groups gaining access to U.S. opinion!** We think this is pointing to the haters of the U.S., however that meaning is flexible to mean anyone who **disagrees** with the political system in place...you know, the dissenters! Though these Executive Orders are over 30 years old, we are in a new era...end times. Things are not defined in the same ways as 30 years ago.

I cannot verify the scientific predictions of what the Navy has studied, nor can I testify positively that FEMA Camps exist, though I have seen the evidence of them.

Safety is neither in an Executive Order nor is it moving to higher ground and away from the coast as well as the Mississippi Valley! Safety comes from knowing your Savior and listening to the still small voice of the Holy Spirit of God. Jesus name is Salvation for whatever we find ourselves up against. This is why I stress the importance of Not simply being a Christian but a Holy Spirit filled Believer.

the next breath murmuring and anxious about what is taking place in the world. These things are to be expected. Manifested sons of God are working in prayerful excitement, but the prayers are not for the world to be a better place or that we would all be removed. Honey-Pots, remember what Jesus said in His prayer: **John 17:15 I pray not that thou shouldst take them out of the world, but that thou shouldst keep them from the evil.**

In other words, your faith cannot sit this one out, capisce?
